INDEPENDENT AUDITOR'S REPORT

To The Members of Oswal Solar Structure Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Oswal Solar Structure Private Limited ("the Company"), which comprise the Balance sheet as at March 31, 2025, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by The Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors Report included Annexures, does not included the financial statements and our auditor's reports thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2A. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows and dealt with by this Report are in agreement with the books of account;

(d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act;

(e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;

(f) The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;

(g) With respect to the adequacy of the internal financial controls with reference to these financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report;

2B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

a. The Company does not have any pending litigation which would impact its financial position.

b. The Company did not have any material foreseeable losses in long-term contracts including derivative contracts;

c. There was no amount which would require to be transferred to the Investor Education and Protection Fund by the Company.

d. (i). The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 37(a) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediaries shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii). The management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 37(a) to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(iii). Based on such audit procedures, we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause d(i) and d(ii) contain any material misstatement;

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

e. The Company has not declared and paid any dividend during the year. Therefore, reporting in this regard is not applicable to the Company.

f. Based on our examination, which included test checks, the Company has used accounting software (ERP) for maintaining books of accounts which has the feature of recording audit trail (edit log) facility and has been operated throughout the year for all relevant transactions recorded in the accounting software (ERP), except that :

i. No audit trail feature was enabled at the database level throughout the year in respect of all the accounting software (Microsoft Navision) to log any direct data changes.

ii. In respect of accounting software, in which the feature of audit trail (edit log) was enabled but was not capturing the nature of changes made for certain categories of transactions.

Further, where audit trial (edit log) facility was enabled and operated throughout the year, we did not come across any instances of the audit trail feature being tampered with. Additionally, except to the extent audit trial was not enabled for the previous year, the audit trail has been preserved by the Company as per the statutory requirement for record retention.

2C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act: In our opinion and according to the information and explanations given to us, the managerial remuneration paid/ provided by the Company for the year ended March 31, 2025 is in accordance with the provisions of section 197 read with Schedule V to the Act

Annexure A to Independent Auditor's Report of even date to the members of Oswal Solar Structure Private Limited on the Financial Statements as of and for the year ended March 31, 2025 (Referred to in paragraph 1 of our report on other legal and regulatory requirements)

(i) a. (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

b. The Company has a regular programme of physical verification of its property, plant and equipment by which all property, plant and equipment are verified in a phased manner over a period of three years, which in our opinion, is at reasonable intervals having regard to the size of the Company and nature of its property, plant and equipment. In accordance with this programme, property, plant were physically verified during the year. No discrepancies were noticed on such physical verification.

c. Based on the records examined by us, the Company does not have immovable properties. In respect of immovable properties that have been taken on lease and disclosed as Right of Use assets in the standalone financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.

d. On the basis of our examination of records of the Company, the Company has not revalued any of its property, plant and equipment (including right of use assets) or intangible assets during the year. Therefore, provisions of clause 3(i)(d) of the Order are not applicable to the Company

e. According to the information and explanations given to us, no proceeding has been initiated or is pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and the rules made thereunder. Therefore, provisions of clause 3(i)(e) of the Order are not applicable to the Company.

(ii) a. According to the information and explanations given to us and records examined by us, the inventories have been physically verified by the management at the year ending and, in our opinion, coverage and procedure of such verification by the management is appropriate having regard to the size of the Company and nature of its business. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed as compared to the book records.

b. As disclosed in note 20.2 to the financial statements, the Company has been sanctioned working capital limits in excess of five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the standalone financial statements, the quarterly returns/ statements filed by the Company with such banks are not in agreement with the audited books of account of the Company and the details are as follows:

(Rs. in millions)

Quarter ended	Name of Bank	Particulars	Amount as per books of accounts	Amount as reported in the quarterly return/statement	Amount of Difference	Whether return/statement subsequently rectified
June 30, 2024	State Bank of India Limited and Yes Bank	Trade Payable	47.40	44.46	2.94	No
March 31, 2025	State Bank of India Limited	Inventory	74.96	92.18	(17.22)	No
		Trade Receivable	22.11	23.45	(1.34)	No

(iii) Based on the books of account examined by us and According to the information and explanations given to us, the Company has not provided any loans, advance in the nature of loans, or stood guarantee, or provided security, or made investment during the year. therefore, provisions of the clause 3 (iii) of the order are not applicable to the company.

(iv) According to information and explanations given to us and based on audit procedures performed by us, the Company has not granted any loan and provided no guarantee and security covered under section 185 and 186 of the Companies Act, 2013 and made no investment under section 186 of the Act. Therefore, provision of the Clause 3(iv) of Order are not applicable to the Company.

(v) The Company has not accepted deposit or amount during the year which are deemed to be deposits within the meaning of section 73 to 76 of the Companies Act, 2013. Therefore, provisions of clause 3(v) of the Order are applicable to the Company.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

(vi) We have broadly reviewed the books of account maintained by the Company. The Company has not met the turnover criteria pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the Company's product. Therefore. Provision of clause 3(vi) of the Order are not applicable to the Company.

(vii) a. According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-tax, Sales tax, Service tax, Duty of customs, Duty of excise, Value Added tax, Cess and any other material statutory dues, to the extent applicable, have generally been regularly deposited with the appropriate authorities. There were no undisputed outstanding statutory dues as at the year-end for a period of more than six months from the date they became payable

b. According to the information and explanation given to us and the records of the Company examined by us, there are no statutory dues referred to in sub-clause (a) on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) a. The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon during the year.

b. According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared willful defaulter by any bank or financial institution or Government or any Government authority.

c. Based on the books of account examined by us, the Company has not taken any term loan during the year, Therefore, provisions of clause 3(ix)(c) of the Order are not applicable to the Company.

d. According to the information and explanations given to us, and the procedures performed by us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis during the year have been used for long-term purposes by the Company.

e. The Company has no subsidiaries, joint ventures or associate. Therefore, the provisions of clause 3(ix)(e) and 3(ix)(f) of the Order are not applicable to the Company.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

(x) a. The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Therefore, the provisions of clause 3(x)(a) of the Order are not applicable to the Company.

b. The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Therefore, the provisions of clause 3(x)(b) of the Order are not applicable to the Company.

(xi) a. Based upon the audit procedures performed and considering the principles of materiality outlined in Standards on Auditing, for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year nor have we been informed of any such case by the management during the course of the audit.

b. According to the information and explanation given to us, no report under subsection (12) of section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year.

c. According to the information and explanations given to us, no whistle blower complaints were received by the Company during the year.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Therefore, the provisions of Clause 3(xii) of the Order are not applicable to the Company.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Companies Act, 2013 where applicable and details for the same have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.

(xiv) In our opinion and according to information and explanations given to us, the Company has an internal audit system commensurate with the size and nature of its business

(xv) According to the information and explanations given to us, in our opinion, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with them as referred to in section 192 of the Companies Act, 2013. Therefore, the provisions of clause 3(xv) of the Order are not applicable to the Company.

(xvi) a. In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Therefore, the provisions of clause 3(xvi)(a) of the Order are not applicable to the Company.

b. In our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Therefore, the provisions of clause 3(xvi)(b) of the Order are not applicable to the Company.

c. In our opinion, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Therefore, the provisions of clause 3(xvi)(c) of the Order are not applicable to the Company.

d. According to the representations given to us, there is no CIC as part of the Group. We have not, however, separately evaluated whether the information provided by the management is accurate and complete.

(xvii) The Company has not incurred cash losses in current year and in the immediately preceding financial year. Therefore, the provisions of clause 3(xvii) of the Order are not applicable to the Company.

(xviii) There has been no resignation of statutory auditors during the year. Therefore, the provisions of clause 3(xviii) of the Order are not applicable to the Company

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

(xx) The Company has given funds to a trust for carrying out the CSR activities as specified in the Note 34.1 to the financial statements. This trust has furnished certificate for fully utilization of such funds as on March 31, 2025 for CSR activities as advised by the Company. Accordingly, after adjusting previous year excess spent, the Company has no unspent amount relating to CSR activities which is required to be transferred to a fund specified in Schedule VII to the Companies Act 2013. Therefore, the provisions of clause 3(xx) of the Order are not applicable to the Company.

Annexure B to Independent Auditor's Report of even date to the members of Oswal Solar Structure Private Limited on the Financial Statements as of and for the year ended on March 31, 2025 (refer to in paragraph 2A(g) of our report on other legal and regulatory requirements)

We have audited the internal financial controls with reference to financial statements of Oswal Solar Structure Private Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to the financial statements based on the internal control over the financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of Internal Financial Controls with reference to financial statements included obtaining an understanding of Internal Financial Controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A Company's Internal Financial Controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Corporate Information

Oswal Solar was incorporated as a private limited company under the Companies Act, 2013 on January 21, 2022 with the Registrar of Companies, Delhi and Haryana at New Delhi. Its registered office is situated at Oswal Estate NH-1, Kutail Road, P.O. Kutail, District Karnal, Karnal 132 037, Haryana, India. It is authorized under the provisions of its memorandum of association to engage in the business of manufacturing, prospecting, raising, operating, buying, selling, importing, exporting, purchasing otherwise dealing in solar panel mounting structure and its accessories of all description whether as principals or agents, and manufacturing and dealing in machinery and plant of every description, and to manufacturing, producing, repairing, altering, converting, reconditioning, preparing for sale, buy, sell, hire, import, export, let on hire, trade and dealing in machine tools and implements, plant equipment, articles, apparatus, appliances, components, parts, accessories, fittings and things in any stage or degree of manufacture, process or refinement, among other things.

Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act 2013, read with Companies (Indian Accounting Standard) Rules, 2015 as amended time to time.

Accounting Policies have been consistently applied except where a newly issued Ind AS is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

The Board of Directors has approved the financial statements for the year ended March 31, 2025 and authorized for issue on July 10,2025. However, shareholders have the power to amend the financial statements after issue.

Basis of preparation

The Financial Statements have been prepared on a historical cost basis except certain items that are measured at fair value as explained in accounting policies.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability, if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Financial Statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 – Leases, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 – Inventories or value in use in Ind AS 36 – Impairment of Assets.

These Financial Statements are presented in Indian National Rupee ('₹'), which is the Company's functional currency. All amounts have been rounded to the nearest Millions (₹ 000,000), except when otherwise indicated.

Use of estimates and critical accounting judgements

In the preparation of Financial Statements, the Company makes judgements in the application of accounting policies; and estimates and assumptions which affects carrying values of assets and liabilities that are not

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Key source of estimation of uncertainty at the date of Financial Statements, which may cause material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment, useful lives of property, plant and equipment and intangible assets, valuation of deferred tax assets, provisions and contingent liabilities, fair value measurements of financial instruments and retirement benefit obligations as disclosed below:

Impairment
The Company estimates the value in use of the cash generating unit (CGU) based on future cash flows after considering current economic conditions and trends, estimated future operating results and growth rates and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The cash flows are discounted using a suitable discount rate in order to calculate the present value.

Useful lives of property, plant and equipment and intangible assets
The Company reviews the useful life of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation and amortisation expense in future periods.

Valuation of deferred tax assets
The Company reviews the carrying amount of deferred tax assets at the end of each reporting period.

Provision for warrantee
The Company generally offers 12-18 months warranty for its products, except for certain projects where the warranty offered may be higher to meet specific project requirements. Warranty costs are determined as a percentage of sales based on the past trends of the costs required to be incurred for repairs, replacements, material costs and servicing cost. Management estimates the related closing provision as at Balance Sheet date for future warranty claims based on historical warranty claim information, as well as recent trends that might suggest that past information may differ from future claims. The assumptions made in current period are consistent with those in the prior year. As the time value of money is not considered to be material, warranty provisions are not discounted.

Allowances for expected credit loss
The Company makes provision for expected credit losses through appropriate estimations of irrecoverable amount. The identification of expected credit loss requires use of judgment and estimates. The Company evaluates trade receivables ageing and makes a provision for those debts as per the provisioning policy. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

Provisions and contingent liabilities
A provision is recognised when the Company has a present obligation as result of a past event and it is probable that the outflow of resources will be required to settle the obligation, in respect of which a reliable

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the Financial Statements.

Retirement benefit obligations

The Company's retirement benefit obligations are subject to number of assumptions including discount rates, inflation and salary growth. Significant assumptions are required when setting these criteria and a change in these assumptions would have a significant impact on the amount recorded in the Company's balance sheet and the statement of profit and loss. The Company sets these assumptions based on previous experience and third party actuarial advice.

Classification of Leases

The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

2. Material accounting policies

The material accounting policies applied by the Company in the preparation of the Financial Statements are listed below. Such accounting policies have been applied consistently to all the periods presented in this Financial Statements, unless otherwise indicated.

a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading.
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities respectively.

The operating cycle is the time between the acquisition of the assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

b) Property, plant, and equipment

Property, plant and equipment are carried at cost of acquisition or construction less accumulated depreciation and/ or accumulated impairment, if any. The cost includes its purchase price, including import duties and other non-refundable taxes or levies (for Leasehold improvements and Vehicles, Goods and Services Tax is not availed but added to the cost of acquisition or construction), freight and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.
Subsequent expenditures related to an item of tangible property, plant and equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

The cost of property, plant and equipment not ready for their intended use at the balance sheet date are disclosed as capital work in progress.

Advances paid towards the acquisition of property, plant and equipment, outstanding at each balance sheet date are disclosed as 'capital advances' under 'other current assets'.

Where a significant component (in terms of cost) of an asset has an economic useful life shorter than that of it's corresponding asset, the component is depreciated over it's shorter life.

Assets individually costing up to Rupees five thousand are not capitalized.

Depreciation methods, estimated useful lives
Depreciation is provided on straight line method over the estimated useful life of fixed assets as per the useful life prescribed under Part C of Schedule II of the Companies Act, 2013. Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date the assets are ready for intended use. Depreciation on sale / deletion of property, plant and equipment is provided for up to the date of sale, deduction or discard of property, plant and equipment as the case may be. In case of impairment, if any, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Leasehold improvements are being amortised over the duration of the lease, or estimated useful life of the assets, whichever is lower.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

c) Intangible assets

Intangible assets are stated at cost of acquisition or construction less accumulated amortisation and impairment, if any. Intangible assets purchased are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Amortisation of intangible assets

Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The management has estimated life of software 5 years.

d) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an assets or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

For assets an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

e) Borrowing and Borrowing Costs

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of profit and loss over the period of the borrowings using the effective interest method. Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a borrowings that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Statement of profit and loss as other gains/(losses). Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing

costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of the assets up to the date the asset is ready for its intended use. All other borrowing costs are recognised as an expense in the statement of profit and loss in the year in which they are incurred.

f) Inventories

Inventories are valued as follows:

Raw materials, stock in trade and stores and spares - Lower of cost and net realisable value. Cost is determined on a weighted average basis. Materials and other items held for use in the production of inventories are not written down below costs, if finished goods in which they will be incorporated are expected to be sold at or above cost.

Work-in-progress and finished goods - Lower of cost and net realisable value. Cost includes direct materials, labour and a proportion of manufacturing overheads.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale. However, materials and other items held for use in the production of finished goods or providing services are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on item by item basis.

g) Revenue Recognition

Revenue is measured at amount of transaction price (net of variable consideration) received or receivable when control of the goods is transferred to the customer and there are no unfulfilled performance obligations as per the contract with the customers. The Company recognizes revenue when it satisfies a performance obligation in accordance with the provisions of contract with the customer. This is achieved when;

- effective control of goods along with significant risks and rewards of ownership has been transferred to customer;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue represents net value of goods and services provided to customers after deducting for certain incentives including, but not limited to discounts, volume rebates, etc. For incentives offered to customers, the Company makes estimates related customer performance and sales volume to determine the total amounts earned and to be recorded as deductions. The estimate is made in such a manner, which ensures that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The actual amounts may differ from these estimates and are accounted for prospectively.

The Company considers shipping and handling activities as costs to fulfill the promise to transfer the related products and the customer payments for shipping and handling costs are recorded as a component of revenue. In certain customer contracts, shipping and handling services are treated as a

distinct separate performance obligation and the Company recognizes revenue for such services when the performance obligation is completed.

Revenue are net of Goods and Service Tax. No element of significant financing is deemed present as the sales are made with a credit term, which is consistent with market practice.

Revenue (other than sale) is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Export incentives are recognized when there is reasonable assurance that the Company will comply with the conditions and the incentives will be received.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Contract assets

Contract asset is right to consideration in exchange for goods or services transferred to the customer and performance obligation satisfied. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Upon completion of the attached condition and acceptance by the customer, the amounts recognised as contract assets is reclassified to trade receivables upon invoicing. A receivable represents the Company's right to an amount of consideration that is unconditional. Contract assets are subject to impairment assessment.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer. If customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract (i.e., transfers control of the related goods or services to the customer).

Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If the receivable is expected to be collected within a period of 12 months or less from the reporting date (or in the normal operating cycle of the business, if longer), they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component in accordance with Ind AS 115 for pricing adjustments embedded in the contract.

Loss allowance for expected lifetime credit loss is recognised on initial recognition.

h) Foreign currencies

The Company's Financial Statements are presented in INR, which is also its functional currency.

Transactions and balances

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

Transactions in foreign currencies are initially recorded by the Company at functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rate of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in statement of profit or loss are also recognised in OCI or statement of profit or loss, respectively).

i) Income Taxes

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted in India, at the reporting date.

Current tax relating to items recognised outside statement of profit or loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets is offset against current tax liabilities if, and only if, a legally enforceable right exists to set off the recognised amounts and there is an intention either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax liabilities are generally recognised for all the taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

j) Employee benefits

Short-term benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the service rendered by employees are recognised during the period when the employee renders the services.

Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

Company's contribution to state defined contribution plans namely Employee State Insurance is made in accordance with the Statute, and are recognised as an expense when employees have rendered services entitling them to the contribution.

Defined benefits plans

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. Gratuity is a defined benefit obligation.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. In respect of post-retirement benefit re-measurements comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets, are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to statement of profit or loss in subsequent periods.

Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier.

Other long-term benefits

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the balance sheet date. Actuarial gains/ losses on the compensated absences are immediately taken to the statement of profit and loss and are not deferred.

k) Leases

Company as a lessee

The Company assesses if a contract is or contains a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period time in exchange for consideration.

The Company recognizes a right-of-use asset and a lease liability at the commencement date, except for short-term leases of twelve months or less and leases for which the underlying asset is of low value, which are expensed in the statement of operations on a straight-line basis over the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease, or, if not readily determinable, the incremental borrowing rate specific to the country, term and currency of the contract. Lease payments can include fixed payments, variable payments that depend on an index or rate known at the commencement date, as well as any extension or purchase options, if the Company is reasonably certain to exercise these options. The lease liability is subsequently measured at amortized cost using the effective interest method and remeasured with a corresponding adjustment to the related right-of-use asset when there is a change in future lease payments in case of renegotiation, changes of an index or rate or in case of reassessments of options.

The right-of-use asset comprises, at inception, the initial lease liability, any initial direct costs and, when applicable, the obligations to refurbish the asset, less any incentives granted by the lessors. The right-of-use asset is subsequently depreciated, on a straight-line basis, over the lease term, if the lease transfers the ownership of the underlying asset to the Company at the end of the lease term or, if the cost of the right-of-use asset reflects that the lessee will exercise a purchase option, over the estimated useful life of the underlying asset. other are also subject to testing for impairment if there is an indicator for impairment. Variable lease payments not included in the measurement of the lease liabilities are expensed to the statement of operations in the period in which the events or conditions which trigger those payments occur. In the statement of financial position right-of-use assets and lease liabilities are classified respectively as part of property, plant and equipment and short-term/long-term debt.

l) Government grant and subsidies

Grants from the Government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Government grants relating to the purchase of property, plant and equipment are included in noncurrent liabilities as deferred income and are credited to statement of profit and loss on a systematic basis over the expected lives of the related assets to match them with the costs for which they are intended to compensate and presented within other income.

Government grants that compensate the Company for expenses incurred are recognised in the Statement of Profit and Loss, as income or deduction from the relevant expense, on a systematic basis in the periods in which the expense is recognised.

m) Cash and cash equivalents

Cash and cash equivalent comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

n) Provisions, contingent liabilities and contingent assets

Provisions are recognised when present obligations as a result of a past event will probably lead to an outflow of economic resources and amounts can be estimated reliably. Timing or amount of the outflow may still be uncertain. A present obligation arises when there is a presence of a legal or constructive

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

commitment that has resulted from past events, for example, legal disputes or onerous contracts. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In those cases where the outflow of economic resources as a result of present obligations is considered improbable or remote, no liability is recognised.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

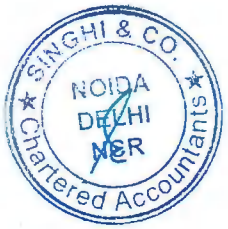

o) Earnings per share

Basic earnings per equity share is computed by dividing net profit or loss for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted earnings per share is computed by dividing net profit or loss for the year attributable to the equity shareholders of the Company and weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

p) Fair value measurement

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability, if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices /net asset value (unadjusted) in active markets for identical assets or liabilities that the company can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

q) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Chief operating decision maker review the performance of the Company according to the nature of products manufactured, traded and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the locations of customers.

r) Financial instruments

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instruments of another entity. Financial instruments also include derivative contracts such as foreign exchange forward contracts, embedded derivatives in the host contract, etc.

Initial recognition and measurement - Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument. Financial instrument (except trade receivables) are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Trade receivables are measured at their transaction price unless it contains a significant financing component in accordance with Ind AS 115 for pricing adjustments embedded in the contract.

Subsequent measurement [Non-derivative financial assets]-

i. Financial assets carried at amortised cost : A financial asset is measured at the amortised cost, if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

ii. Financial assets at fair value through Profit & Loss (FVTPL) : Financial assets, which does not meet the criteria for categorization as at amortized cost or as FVOCI, are classified as at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss.

Subsequent measurement [Non-derivative financial liabilities]- Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

Trade Receivable

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. A financial asset, except trade receivable which are recognised at transaction price as per Ind AS 115, or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

s) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables: In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets: In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

De-recognition of financial assets: A financial asset is primarily de-recognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Non-derivative financial liabilities

Subsequent measurement: Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities: A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments: Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

t) Event after the Reporting Period

Events after the reporting period that provide additional information about the Company's position at the end of the reporting period or those that indicate the going concern assumption is not appropriate are adjusting events and are reflected in the Financial Statements. Events after the end of the reporting period that are not adjusting events are disclosed in the notes the Financial Statements when material.

u) Share based payments

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. Further details are given in Note 37 (a).

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the statement of profit and loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the grant date fair value of the unmodified award, provided the original vesting terms of the award are met. An additional expense, measured as at the date of modification, is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

v) Standards issued but not yet effective

a. New and amended standards adopted by the Company.

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. 1 April, 2024.. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

b. New and amended standards issued but not effective.

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates . These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.

d Rights, Preferences and Restrictions attached to the equity shares

The Company has only one class of equity share having a par value of ₹ 10 each. Each holder of equity shares is entitled to one vote per share. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders. There is no restriction on distribution of dividend. However, same is subject to the approval of the shareholders in the Annual General Meeting.

Further, loan is secured by personal guarantees of three directors.

20.2 The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. The quarterly returns / statements (including revised) filed by the Company with such banks are materialy in agreement with the books of accounts of the Company except as follows:

Name of bank	Quarter ended	Particulars	Amount as per books of accounts	Amount as reported in the quarterly return/statement	Amount of Difference	Reasons for Difference
State Bank of India Limited and Yes Bank	March 31, 2025	Inventories	74.96	92.18	(17.22)	Periodic book closure entries

State Bank of India Limited and Yes Bank	December 31, 2024	Trade Payable	197.25	17.93	179.32	Periodic book closure entries
State Bank of India Limited	June 30, 2024	Trade Payable	47.40	44.46	2.93	Periodic book closure entries
		Trade Payable	924.82	952.50	(27.68)	

Note : The Company regularly submits provisional drawing power (DP) statements on a monthly basis to State Bank of India Limited and Yes Bank Limited by the 15th of the following month. The DP limit is computed in accordance with the terms and conditions outlined in the sanction letter. Discrepancies between DP statement and financial statement arise since DP statements are prepared on a provisional basis after exclusion of certain items of inventory and debtors are done as per the bank sanction letter. During the current year, the Company has submitted revised DP statements tallying with the books of accounts for other than aforesaid period. In FY 24-25, the actual utilization of working capital remained within the bank sanction/DP limits.

(All amounts are in ₹ in Millions, unless otherwise stated)

36.1 : Earning Per Share (EPS)

The following table reflects the income and shares data used in computation of the basic and diluted earnings per share:

(₹ in Millions)

	Particulars		For the year ended March 31, 2025	For the year ended March 31, 2024
a.	Profit/(loss) for the year attributable to equity shareholders		**502.96**	**92.08**
b.	No of shares at the beginning of the year	Nos.	1,25,00,000	2,50,000
	Add: Issued during the year		-	1,22,50,000
	Less: Cancelled/buyback during the year		-	-
	No of shares at the end of the year		1,25,00,000	1,25,00,000
c.	Weighted average no. of shares outstanding	Nos.	**1,25,00,000**	**40,61,475**
d.	Effect of dilution *	Nos.	-	-
e.	Weighted average no. of shares outstanding for diluted earnings per share			
		Nos.	**1,25,00,000**	**40,61,475**
f.	Basic and Diluted Earning Per Share of ₹ 10 each	in ₹	**40.24**	**22.67**

*There have been no transactions involving Equity shares or Potential Equity shares between the reporting date and the date of approval of these financial statements that would have an impact on the outstanding weighted average number of equity shares as at the year end.

36.2 : Contingent Liabilities and Commitments:

(i) There is no contingent liability at the end of the current year as well as previous year.

(ii) Commitments

	Particular	As at March 31, 2025	As at March 31, 2024
A	Estimated amount of Contracts remaining to be executed on Capital Account (Net of advances) not provided for	1.86	25.86
B	Balance Export obligation for import of capital equipments under EPCG scheme of the Central Government at the concessional rate of custom duty. The management expects to fulfil export obligation within due dates.	427.32	375.56
C	Export obligation for import of capital equipments under MOWER scheme of the Central Government at the concessional rate of custom duty. The same will be paid of at the time of scrap of machinery.	19.58	-

36.3 : Trade Payables under MSME Development Act, 2006

A Based on the information available as identified by the management there are certain vendors who have confirmed that they are covered under the Micro, Small and Medium Enterprises Development Act, 2006. Disclosures relating to dues of Micro and Small enterprises under section 22 of 'The Micro, Small and Medium Enterprises Development Act, 2006", are given below:

(₹ in Millions)

Particulars	As at March 31, 2025	As at March 31, 2024
The principal amount and the interest due thereon remaining unpaid to any supplier as well as capital creditors as at the end of each accounting year		
- Principal amount due to micro and small enterprises	56.75	1.37
- Interest due thereon	0.24	-
The amount of interest paid by the buyer under MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year;	-	-
The amount of interest due and payable for the year of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	-	-
The amount of interest accrued and remaining unpaid at the end of accounting year; and	0.24	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under section 23.	-	-

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

Note No. 36.4 : Employee Defined Benefits :

(₹ in Millions)

A. **Defined Contribution Plans**

a. The Company makes contributions towards provident fund to a defined contribution retirement benefit plan for qualifying employees. Under the plan, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit plan to fund the benefits.

	Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
i.	Contribution to provident and other funds	3.53	0.46

B. **Other long-term benefits**

The leave obligations cover the Company's liability for privilege leave and sick leave. The amount of provision made during the year is 0.725 millions (March 31, 2024 - 0.04 millions). The Company does not have an unconditional right to defer settlement for any of these obligations. However, based on the past experience, the Company does not expect payment of the entire amount of accrued leaves or availment of the entire number of accrued leaves by employees within twelve months and accordingly, amounts have been classified as current and non-current.

C. **Defined Benefit Obligation (Unfunded)**

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a year of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. Gratuity liability is being partly contributed to the gratuity fund formed by the Company.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2025. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

(₹ in Millions)

	Particulars	As at March 31, 2025	As at March 31, 2024
I.	**Reconciliation of Defined Benefit Obligations (DBO)**		
	Present value of DBO at the beginning of year	0.28	-
	Current service cost	1.23	0.28
	Interest cost	0.02	-

	Re- measurements of the net defined benefit liability/(assets)		
	Actuarial (gain)/loss for the year on Defined Benefit Obligation	**0.22**	-

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

Notes annexed to and forming part of Financial Statements

Particulars	As at March 31, 2025	As at March 31, 2024
V. **Actuarial assumptions**		
Discount rate (%)	6.80%	7.21%
Future salary escalation (per annum) (%)	8.00%	8.00%
Mortality table (IALM)	100% of IALM 2012-14	2012-14
Retirement Age	60 years	60 years
Withdrawal/Attrition Rate	10.00%	10.00%
VI. **Weighted average duration of obligation**	29.11 years	32.18 years
VII. **Sensitivity analysis**		
Effect of change in discount rate - 0.50 % increase	(0.07)	(0.02)
Effect of change in discount rate - 0.50 % decrease	0.08	0.02
Effect of change in salary inflation - 1 % increase	0.16	0.04
Effect of change in salary inflation - 1 % decrease	(0.14)	(0.03)
Effect of change in withdrawal rate - 5 % increase	(0.29)	(0.07)
Effect of change in withdrawal rate - 5 % decrease	0.40	0.10
Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown above.		

a. The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting year.

b. Sensitivities due to mortality are insignificant, hence ignored. Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump-sum benefit on retirement.

c. Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

IX. **Description of Risk Exposures:**

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

Notes annexed to and forming part of Financial Statements

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Discount rate risk : The present value of the defined benefit obligation is calculated using discount rate based on Government bonds. The decrease in the bond yield will increase the defined benefit obligation.

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

36.5 : Changes in Liabilities from Financing Activities are as under:

As per Ind AS 7, the Company is required to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes. The Company did not have any material impact on the Statement of Cash Flows other than the following.

(₹ in millions)

Particulars	As at April 01, 2024	Cash Flow changes	Non Cash Changes		As at March 31, 2025
			Reclassification	Others^	
Non Current borrowings	60.60	59.03	13.84	-	119.17

Finance cost	-	(51.56)	(3.89)	(0.06)	55.51
Lease Liabilities	3.75	(3.70)	3.89	(60.99)	57.14
Total liabilities from financing activities	**129.29**	**394.38**	**-**	**(61.05)**	**687.83**

Particulars	As at April 01, 2023	Cash Flow changes	Non Cash Changes		As at March 31, 2024
			Reclassification	Others^	
Non Current borrowings	-	74.45	13.85	-	60.60
Current borrowings	40.00	11.90	(13.85)	0.81	64.94
Finance costs	-	(7.34)	(0.48)	(0.16)	7.98
Lease Liabilities	-	(1.27)	0.48	(2.96)	3.75
Total liabilities from financing activities	**40.00**	**77.74**	**-**	**(2.31)**	**137.27**

^ includes lease liability accounted for during the year.

36.6 : Segment Reporting

There are no separate reportable segments under Ind AS 108 "Operating Segments" notified under the Companies (Indian Accounting Standard) Rules, 2015. Further, according to Ind AS 108, identification of operating segments is based on Chief Operating Decision Maker (CODM) approach for making decisions about allocating resources to the segment and assessing its performance. The business activity of the company falls within one broad business segment viz. "Solar Modules" and substantially sale of the product is within the country. Hence, the disclosure requirement of Ind AS 108 of 'Segment Reporting' is not considered applicable.

For the year ended March 31, 2025, one customer of the Company constituted more than 10% of the total revenue of Company, (March 31, 2024, no single customer of the Company constituted more than 10% of the total revenue of Company).

36.7 : Capital Management

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The primary objective of the Company's capital management is to maximize the shareholder value. The Company's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Company's ability to continue as a going concern in order to support its business and provide maximum returns for shareholders. The Company also proposes to maintain an optimal capital structure to reduce the cost of capital. No changes were made in the objectives, policies or processes during the year ended March 31, 2025 and March 31, 2024.

For the purpose of the Company's capital management, capital includes issued capital, share premium and all other equity reserves. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents. The Company monitors capital using gearing ratio, which is net debt divided by total capital as under:

(₹ in millions)

Particulars	As at March 31,2025	As at March 31, 2024
Borrowings (including lease liabilities)	632.32	129.29
Less : Cash and Cash Equivalents	0.34	0.11
Net debts	**631.98**	**129.18**
Equity Share Capital	125.00	125.00
Other Equity	596.06	91.92
Total capital	**721.06**	**216.92**
Capital and net debt	**1,353.04**	**346.10**

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

B. Fair Value Hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are:
a. recognised and measured at fair value and
b. measured at amortised cost and for which fair values are disclosed in the financial statements.
To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Hierarchy includes financial instruments measured using quoted prices. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting year.
Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

There are no transfers between level 1 and level 2 during the year.

Valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values

a. Fair value of cash and bank and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

b. Fair value of borrowings from banks and other financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.

c. Specific valuation techniques used to value financial instruments include:
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis, where applicable.

Note No. 36.10 : Financial risk management objective and policies

Risk Management Framework

The Board of Directors of the Company have the overall responsibility for the establishment and oversight of the their risk management framework. The board of directors of The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

a **Credit Risk**

Credit risk arises when a customer or counterparty does not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing / investing activities, including deposits with banks, and foreign exchange transactions. The Company has no significant concentration of credit risk with any counterparty.

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry.

Trade receivables are consisting of a large number of customers. The Management has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available. Sale limits are established for each customer and reviewed yearically.

Summary of ageing of trade receivable

(₹ in Millions)

Particulars	Trade receivable ageing			
	Up to 12 months	1 to 2 Year	Above 2 years	Total
As at March 31, 2025	222.94	-	-	222.94
As at March 31, 2024	0.03	-	-	0.03

Provision for loss allowance is accounted for basis the following :

(₹ in Millions)

Particulars	Past due				Provision for expected credit loss (in %)			
	Up to 12 months	1 to 2 Year	Above 2 years	Total	Up to 12 months	1 to 2 Year	Above 2 years	Total
As at March 31, 2025	1.87	-	-	1.87	0.84%	-	-	0.84%
As at March 31, 2024	-	-	-	-	-	-	-	-

The Company doesnot have any historical bad debts due to newly incorporate.

Cash and bank balances

Credit Risk on cash and cash equivalent, deposits with the banks is generally low as the said deposits have been made with the banks who have been assigned high credit rating by international and domestic rating agencies.

Others

Other than trade receivables and others reported above, the Company has no other material financial assets which carries any significant credit risk.

b **Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected future cash flows. This is generally carried out in accordance with practice and limits set by the Company. These limits vary by location to take into account requirement, future cash flow and the liquidity in which the entity operates. In addition, the Company's liquidity management strategy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Financing Arrangement

The Company had access to the following undrawn borrowing facilities at the end of the reporting year:

(₹ in million)

Particulars	As at March 31, 2025	As at March 31, 2024
Floating rate		
Expiring within one year (bank overdraft and other facilities)	108.30	-
Expiring beyond one year (bank loans)	-	-

The bank facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in Indian rupee and have an average maturity within a year.

Maturity profile of Financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments (excluding transaction cost on borrowings).

(₹ in millions)

Financial Liabilities	Carrying amount	Total	within 1 year	2-5 year	6-10 year	Above 10 years
As at March 31, 2025						
Borrowings	575.17	575.17	456.01	119.17	-	-

Total	**147.20**	**148.34**	**84.05**	**59.07**	**5.22**	**-**

c **Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk, such as commodity price risk and equity price risk. Financial instruments affected by market risk include trade payables, trade receivables, borrowings, etc.

i **Foreign currency risk**

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD . Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the hedges is to minimise the volatility of the rupee cash flows of highly probable forecast transactions by hedging the foreign exchange inflows on regular basis. The Company also take help from external consultants who for views on the currency rates in volatile foreign exchange markets. Currency risks related to the principal amounts of the Company's foreign currency payables, are generally hedged using derivative contracts taken by the Company. The Company does not enter into trade financial instruments including derivative financial instruments for hedging its foreign currency risk.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Company's policy is to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

The summary of quantitative data about the Company's exposure (Unhedged) to currency risk as reported to the management of the Company is as follows :

(₹ in millions)

Particulars of unhedged foreign currency exposure as at the reporting date	Cross Currency	As at March 31, 2025		As at March 31, 2024

Borrowings - USD	USD	1.39	119.19	0.84	69.65
Trade Payable - USD	USD	0.09	7.65	-	-

The following significant exchange rates have been applied (₹ in Millions)

	As at March 31, 2025	As at March 31, 2024
INR / USD	85.58	83.37

SINGHI & CO. NOIDA DELHI NCR Chartered Accountants

Sensitivity Analysis

Every percentage point changes in the exchange rate for the closing balances between the Indian Rupee and respective currencies would affect the Company's incremental profit before tax and equity, net of tax as per below :

(₹ in millions)

Particulars	%	year	Profit or (loss)		Equity, net of tax	
			Increase	Decrease	Increase	Decrease
USD	10%	As at March 31, 2025	(11.92)	11.92	(8.92)	8.92
USD	10%	As at March 31, 2024	(6.96)	6.96	(5.21)	5.21

ii **Interest rate risk**

The Company's exposure to the risk of changes in market interest rates relates primarily to debts. To protect itself from the volatility prevailing, the Company maintain its long term borrowing on fixed interest rate through derivative instruments for borrowings in foreign currency, in which it agrees to exchange at specific intervals, the difference between fixed and variable interest amounts calculated by reference to an agreed upon principal amount. As at March 31, 2025, the Company does not have any variable interest rate borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows.

(₹ in millions)

Particulars	Increase/ decrease in basis points	Effect on profit before tax	Effect on Equity, net of tax
As at March 31, 2025	50 basis point	2.88	2.15
As at March 31, 2024	50 basis point	-	-

iii **Commodity price risk**

Commodity price risk for the Company is mainly related to fluctuations in iron and solar cells prices linked to various external factors, which can affect the production cost of the Company. Since the raw material costs is one of the primary costs drivers, any adverse fluctuation in prices can lead to drop in operating margin. To manage this risk, the Company identifying new sources of supply etc. The Company is procuring materials at spot prices. Additionally, processes and policies related to such risks are reviewed and controlled by senior management and fuel requirement are monitored by the procurement team.

36.11 : Leases

37 (a) Employee Share Based Payment

Employee Stock Option Scheme "ESOP-2024" was approved by the parent company's Board of Directors in their meeting held on August 27, 2024 and by their shareholders in their meeting dated August 27 , 2024 respectively.Under ESOP-2024, Nomination and Remuneration Committee of the parent company is authorised to grant 6,411 options to eligible employees of our parent company in one or more tranches. Options granted under ESOP-2024 shall not vest earlier than a minimum vesting year of one year and not later than a maximum vesting year of three years from date of grant. The exercise year in respect of vested options shall be subject to maximum year of Four years commencing from the date of vesting. The options granted under ESOP-2024 carry no rights to dividends and no voting rights till the date of exercise.

The fair value of the share options is estimated at the grant date using Black- Scholes Model, taking into account the terms and conditions upon which the share options were granted.

The Company has recognised an expense of ₹ 1.04 Millions (March 31, 2024 : INR Nil) on grant of 6,411 ESOP granted during the year in accordance with Ind AS 102 "Share Based Payments". The carrying amount of Employee stock options outstanding reserve as at March 31, 2025 is ₹ 1.04 Millions (March 31, 2024: INR Nil).

The exercise price of the share options is ₹. 1 per Equity Share. There are no cash settlement alternatives for employees.

As at the end of the year, details and movements of the outstanding options are as follows:

(a) Scheme Name ESOP-2024

Particilars	As at 31 March, 2025 (No in Millions)	Weighted average exercise price per share option (₹)	As at 31 March 2024	Weighted average exercise price per share option (₹)
Options outstanding at the beginning of the year	-	-	-	-
Options granted during the year	0.01	1.00	-	-
Options forfeited during the year	-	-	-	-
Options expired/lapsed during the year	0.00	-	-	-
Options exercised during the year	-	-	-	-
Options outstanding at the end of the year	0.01	1.00	-	-

No options expired during the years covered in the above tables.

Share options outstanding at the end of the year have the following expiry date and exercise prices

Grant date	Vesting date	Date of Expiry	Exercise price (₹)	Share options March 31, 2025 (No in millions)	Share options March 31, 2024
27/08/2024	01/03/2026	4 years from the date of vesting date	1.00	0.003	-
02/09/2024	01/03/2027	4 years from the date of vesting date	1.00	0.003	-
02/09/2024	01/03/2028	4 years from the date of vesting date	1.00	0.003	-

Exercise price range	1	-
Weighted average remaining contractual life (in years)	3	-

(c) Fair value of options granted

The fair value of each option is estimated on the date of grant based on the following assumptions:

Particulars	ESOP-2024	
	March 31 2025	March 31 2024
Market Price (Rupees)	NA	-
Dividend yield (%)	0.00	-
Expected life (years)	3	-
Risk free interest rate (%)	7.07%	-
Volatility (%)	49.42%	-
Exercise Price (Rupees)	1	-
Vesting year	3	-
Fair value of shares on date of grant	477.99	-
Fair value of options	476.99	-

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The volatility is based on annualised standard deviation of the continuously compounded rates of return based on the peer companies and competitive stocks over a year of time. The Company has determined the market price on grant date based on latest equity valuation report available with the Company preceding the grant date.
